ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WILMINGTON,

1893-94.

REPORT OF THE SCHOOL COMMITTEE.

TO THE CITIZENS OF WILMINGTON:—

As a statutory requirement it is expected that the School Committee will make their annual report at this time, and it seems to be necessary to make it in a little more exhaustive way than heretofore.

It is the opinion of the Committee, that the responsibility devolving upon them is not fully understood by the average citizen, and—with your permission—we will define it;

Interpreting the Public Statutes; (See McKenna vs. Kimball—145 Mass. 555 at p. 556.) “The School Committee is a board of public officers whose duties are prescribed by statute, and in the execution of its duties, the members do not act as the agents of the Town, but as public officers in the performance of public duties,”—except in certain cases where the Town may legally vote to assume the responsibility.

They have in their entire charge the School Houses, the procuring of supplies, fuel and other incidental items, which form a part of the necessary provision for the needs and comforts of the pupils and teachers. They must provide or contract with teachers for the different schools maintained by the Town, making such selection as their judgment will allow under normal conditions, and in emergencies. They must exercise a constant supervision over these teachers, and over all children in the town, who are of the ages which make them amenable to school laws, and be on the alert that no cases of truancy occur, either by the fault of the child or the carelessness or indifference of the parents. They must be ever ready to attend to any school matter requiring any action on their part, and altogether keep a firm grasp on all the lines radiating from the school room.

These several and general duties involve a vast amount of detail of which the public can have only an indefinite idea.

The charge of the school houses alone, means more than is apparent. The proper care of the school houses means that they shall be kept clean, kept in good repair, painted when necessary,

their yards and environments kept in order, care taken that no scholar be guilty of the indiscretions so common among the young; of either carelessly or wantonly injuring, defacing or mutilating walls, furniture, fences or other appurtenances belonging to the school premises, or property.

The procuring of supplies means a careful and economical expenditure of moneys voted by the town for school purposes, without waste or extravagance.

Regarding the employment of teachers, it is always extremely difficult to obtain and retain the services of such teachers as propriety and policy demand. The term "Teacher" is more often a misnomer than an index to her capabilities. The ideal teacher is a person who, added to her qualifications as a scholar, has had a certain experience in imparting and applying the knowledge she possesses, in a successful manner. It does not suffice that she simply possess this knowledge herself; she must be able to communicate it to her pupils, and to infuse what she knows into the brain of her charge—in short, to teach.

For this successful work, it is absolutely necessary that the teacher should have in addition, tact, good nature, patience and all the virtues of a loving parent.

When you come to consider this matter in its proper bearings, you will understand more fully that the nice discrimination in the selection of teachers requires time, thought and judgment on the part of the School Committee; and how difficult it is to obtain teachers approaching this ideal type, more particularly if the means are limited. We are sometimes disappointed in teachers; they do not exhibit a proper attention to the real interests of their position; but seem to be more interested in drawing their salaries, and waiting for a more remunerative opportunity, than doing their prescribed school work as it should be done.

Such teachers usually have their names registered with some teachers' agency, and when a dollar or two is offered as an inducement, will leave abruptly, and without giving sufficient notice for a satisfactory substitute to be secured. Occasionally it is found wise or expedient to dismiss a teacher for some fault that can not be overlooked, and a necessity of this kind makes a bad break in the chain of our school work planned for the year.

We leave discipline, generally, in the hands of the teachers, as, from daily contact, they should, better than anyone else, know or learn how to guide and influence the children. Sometimes the savage instinct that is inherent in man will crop out nevertheless, as for example, the recent pollution and defacement of the out-buildings at the High School; and several times in the past year have the Committee been obliged to replace glass broken by some young vandal.

It comes within the province of the Committee to see that the Statute Law regarding vaccination shall be enforced; we have no recourse, and no matter how unpleasant it may be to the Committee, the Statute says it "shall" by first compelling the attendance at school of all children between the ages of eight and fourteen years, and then requiring evidence that they have been vaccinated, before admitting them. (Satisfactory evidence of vaccination means a physician's certificate, when demanded.)

There are always more or less complaints to the Committee by teachers, parents and children which must be looked into and adjusted. Occasionally sickness of a contagious nature may require attention. The School Committee is expected to smooth over all these rough places.

There is a very considerable amount of clerical work connected with the duties of the Committee; letter writing, records, statistical work, etc., in the various relations of the Committee with the town, the people, teachers, superintendent and others; and some of a financial nature in the settling with teachers and other persons presenting bills for service, supplies, etc. Bills must be audited and every account accurately and faithfully kept.

An annual census of all children in the town, between the ages of five and fifteen years, must be taken during the month of May, and transmitted, with other data, to the Secretary of the Board of Education.

There are still other specific duties to be performed by the Committee, which lack of space will not allow mention of. It is simply our object to give you the salient points of the multifarious duties of the School Committee in order to show you conclusively that the office is by no means a sinecure, but one requiring a combination of shrewdness, executive ability and diplomacy.

With a clear appreciation of their duties and responsibilities, the present Committee, after as faithful a discharge of them as they know how, have attempted to show you as clearly the absolute necessity of your consideration and co-operation. Premising that the Committee is spending the Town's money for the Town's people and their children, and not for themselves, we wish to recommend that an appropriation for the ensuing year be made at the annual Town Meeting (for such items as we hereinafter designate) of sufficient magnitude to cover what we know to be necessary for our school system.

When the School Board was organized, shortly after the spring election of 1893, we determined on a course of action, and have seen no reason why we should change our policy. We decided first, that the schools should be kept open for a definite period of forty weeks; that we should use our utmost discretion in the selection of our teachers, and, if a possible thing, retain continuously those teachers proving efficient. This latter resolution of ours rests in your hands to permit us to carry it to a successful issue.

As you well know, parents would far rather send their children to a school presided over by a teacher of recognized ability and who was known to take a loving interest in her pupils, than to confide them to the care of a stranger whose disposition and influence were untried, and whose presence among our corps of teachers was attributable to the fact that she was the best our appropriation would allow. Right here permit us to assure you that our best teachers are being continually importuned to accept positions in other towns, at an increase of salary. We must keep them. We must not allow our sister towns to reap the benefit of the experience gained in our schools and at our expense, if a small increase of salary will wed these teachers to us. We wish you to place us in the monetary position to retain their services if we choose.

We have adopted an innovation in employing our teachers, in the form of a forfeit agreement, with sufficient penalty attached, to preclude the reasonable possibility of losing a good teacher after we have her signature. (Copy attached.)

We feel sure of a teacher after she has engaged herself to us; so the only thing we wish, in this connection, is to be able to secure this teacher.

Before we specifically ask you for an appropriation for the schools, we wish to mention the fact that we have arranged a much needed compilation of Rules and Regulations for the schools. It will prove of assistance to you all, as future members of the School Committee and as parents, and particularly to teachers and pupils, and will define the conventional questions brought up in the schools, and establish a basis for a clearer understanding of what the relations are between parents, teachers and scholars.

We earnestly ask you to examine them carefully and discover, if possible, any objectionable thing, that we may remedy any fault which has escaped our careful revision.

We beg to say that the schools of this Town are in as flourishing a condition as our rather eventful year will allow, and while some of our teachers are doing faithful work, it is not possible to criticise them by name without being invidious, and with your permission, we will merely say that we have several extremely efficient teachers with us, whose services we wish earnestly to retain. Our old Town is really growing, and with every new house constructed, a family is represented, and, in the natural course of events, other houses will be constructed, other families will occupy them, and with our force of teachers the best, with our facilities for educating the young on a par with adjoining towns, we will have a strong incentive for people to come and abide with us and assist in paying our taxes while filling our schools.

We wish again to express the situation in another way. Monies appropriated for the schools are not lost; the Committee does not, nor can it wish for more than will be absolutely necessary to conduct the schools properly. But, if you expect to have a School Committee for the nominal sum it has been customary to pay, run your schools and care for your children's education, you must at least not hamper them with the feeling that they cannot afford what is wisest or best, but must take what they can get. A few extra hundreds in the treasury for the necessary use of the schools means nothing of moment to the taxpayer individually, more than his proportion based on his worldly wealth—and always provided it be expended—but it means everything to the Committee. It allows them to feel sure that a vote to keep the schools open forty weeks means just that and nothing different. It allows them to

re-engage a desirable teacher, or take on one still more competent if the need arises. In short, it places the Committee in the position where it may remove obstacles, where it may do you and your town the highest good such a body is capable of.

We wish to assure you that the school buildings are in fair condition—with the exception of the South and West school houses. The former requires painting and some outside repairs, and the West school house,—while it needs a coat of paint badly,—can wait another year, if the underpinning at the back be relaid and the building made secure. As it is now, the building is being wrenched and twisted by the giving away of this same underpinning in the rear.

The High School building certainly requires painting on the outside, and as it is the most valuable property the town owns in the way of a building, it would, in the opinion of the Committee, be a very unwise thing to allow it to remain any longer without painting. The concrete walk leading up to the doorways from the street, on the High School premises, was never properly laid, and should either be relaid or taken up altogether and a gravel walk substituted.

Through the courtesy of the Board of Selectmen, we were able to provide a much needed water supply on the High School grounds, and we only regret that we somewhat embarrassed our Selectmen by the rather more excessive cost than we anticipated.

We ask the Town of Wilmington to appropriate for School purposes, the following amounts specifically, for the ensuing year.

Reappropriate unexpended balance (If any) or

Appropriate sum to cover deficiency,	
For Teachers' salaries, fuel, lights, janitors' wages	
and incidental,	\$3,200 00
For Books and Supplies,	300 00

 ADDENDA.

Since the foregoing report was formulated, the South School Building, with its entire contents, has been destroyed by fire, presumably by the carelessness of tramps who undoubtedly broke in for purposes of shelter, the night being extremely cold. The fire occurred sometime after midnight on the morning of February 7th.

The matter was promptly reported to the Selectmen of the town for investigation.

We have made arrangements with Mr. Charles F. Harris to convey the children belonging to the south part of the town to the High School building every day and return them to their homes at night. These same children have already been assigned to their proper grades without interruption of the regular school work.

It is the opinion of the School Committee that it will be unnecessary to rebuild the burned structure, as the attendance has never been large, and as the inhabitants of that remote part of Wilmington have remained almost strangers to the rest of our town's people, it would seem to be a fit opportunity for a mutual acquaintance by bringing about such relations from association as will be conducive of that effect.

It will also give an opportunity for testing the modern idea of grouping all the town's children under one roof. This plan obtains in several of our sister towns and works well.

Permit us to prophesy that within the next five years it will be deemed expedient to sell the remaining district school houses, taking the proceeds therefrom and adding to it a sufficient amount to build a substantial addition to the high school building and arrange to transport all the children from the outlying districts to one common and commodious school-house.

The rooms at the high school building are even now nearly filled and it is a matter of fact that the accommodations are insufficient. We would recommend to the town that whenever any intending builder can use any or all of these district school houses, that an opportunity be given them to purchase same.

SUPERINTENDENT'S REPORT.

TO THE SCHOOL COMMITTEE OF WILMINGTON:

Madam and Gentlemen:—My third annual report of the schools of this town is herewith presented to you, and through you to the citizens of Wilmington.

Under similar conditions the results of school work cannot differ greatly one year with another; although under a good system, with proper management, and efficient teachers, each year's work ought to show some improvement over the preceding. Not simply that each pupil should learn something during the year—make some intellectual growth. This is to be expected. But this is not enough. If Wilmington schools are to keep step with the march of educational progress, the pupils must make *more* advancement this year than last—the intellectual product of our schools must be *larger* for 1893 than it was for 1892; and we ought not to be satisfied unless it is. Has it been?

I have closely observed the work during the year, and carefully comparing it with last year's results, I am confident that we have made progress. Not as much, on the whole, as could have been desired, not as much in some schools as might have been possible under more favorable conditions, and yet I believe the aggregate results of school work in Wilmington this year is better than it was last. It is certainly better in some lines, and lines that seem to me important. I refer to nature study and drawing.

In the latter part of the summer term an educational exhibit of work, below the high school, including nature study, language work, work in geography and drawing, was held in Boston, under the auspices of the New England Association of Educational Workers, to which this, and other towns in this district contributed. The exhibit from this district was very creditable, compared well with that from other places, and received favorable comment from leading educators of the State.

Nearly all the Wilmington schools contributed to this exhibit, and our contribution compared not unfavorably with that from other towns in this district, and reflected credit on the work of our teachers and their willingness to advance along new lines. This is evidence of progress, in that it showed better results in these lines of work, than could have been produced a year ago.

Our teachers have so many classes that some of them have failed to find time to devote to this work. They regard it as less important than other school work, and distinct from it. This, however, is a mistake. Nature study is closely allied to language and geography,—indeed, it is an essential part of the latter, and an important means of developing the former. And better results would be obtained in teaching both these subjects, if a part of the time devoted to them were given to this work. The end of teaching is not knowledge simply. It is knowledge, mental development, and the formation of good character. In securing this threefold result, much depends upon the studies required to be pursued. No study serves as a better means to this desired end, than do drawing and elementary science. They cultivate the perceptive faculties, and the powers of thought and comparison, give a higher conception, and a better appreciation of the beauty, grandeur, and sublimity of the universe, and are thus conducive, in a high degree, to the development of mental and moral power. I, therefore, regard this line of work important, and improvement in it, progress.

Other indications of improvement, at least in some schools, are the increased interest and better industry of the pupils. Success is won by work, whether by the business man in the bank or the scholar in school; and the best possible evidence of real improvement—true progress in the schools, is this growing inclination of the pupils to work.

TEACHERS.

The numerous changes in teachers shown in the tabular statement, included in this report, have been detrimental to the best work in some schools, and thus the good results that might otherwise have been expected have been prevented. This has, of course, operated adversely upon the aggregate result of the year's work, and therefore it has not been marked by as much

improvement as could have been desired. Our teachers, however, have worked well, and are deserving of high appreciation for loyalty and devotion to their duties. I believe most of them realize, that, in these days of progress, teachers cannot continue to teach as they have taught, much less as they have been taught. If they would secure the best results in their schools, and take a prominent position among their co-workers in the Commonwealth, they must both make themselves familiar with new subjects and learn the best methods of teaching all subjects. It is a mistake to suppose that the teacher's work is confined to the school-room.

The teacher must be a constant student. Industry is the price of progress. And aside from the advantages of improved methods and broader culture to be gained by the teacher in her study outside of the school-room, the industry of the teacher has a direct, stimulating influence on the pupil. To get pupils to *work* is the chief means to the great end of mental development, and there is no power so potent to induce pupils to work as the example of an industrious teacher. The contagious spirit of industry is nowhere so likely to become epidemic as when carried into the school-room by the teacher.

The importance of good teachers has had practical illustration in some of the changes made during the year, notably in the South School, where the attendance fell off from about 93 per cent. to 84 per cent. after the first change occurred there, and the school work was lowered to even a greater degree.

The teacher makes the school. The committee and superintendent do not. They furnish material, tools, and plan, but the teacher must rear the intellectual structure. In spite of all that money and management can do, *without good teachers we cannot have good schools*. I wish, therefore, to urge upon the Committee the importance of exercising careful and discriminating judgment in the selection of teachers. I desire also to impress upon teachers a due appreciation of their responsibility in assuming the most sacred trust on earth—the training of children.

DRAWING.

That the teaching of drawing in the public schools, is required by law is sufficient evidence of its importance and there is

no need of argument in its favor. The thing to be considered here is efficiency in teaching it.

When the drawing books and materials were placed in the hands of our teachers last year, many, if not the most of them, knew little or nothing about the subject. The work, has, however, been conducted with a fair degree of success. The chief difficulty in the way of progress is lack of proficiency in the subject on the part of teachers. To awaken interest and aid teachers to prepare for this work, last Spring I asked Mr. Henry T. Bailey, state agent of drawing, to meet the teachers of this district, and give them some general instructions in drawing. The earliest date he could give us was January 26. On the afternoon of that day the teachers met at North Billerica, and received practical and profitable instruction from Mr. Bailey.

Interest in the subject, and the desire of our teachers to better prepare themselves for progressive work, were shown by the fact that nearly all the teachers in this district were present, but one of the Wilmington teachers being absent. Some teachers rode about seventy miles by rail, and some drove ten miles in a snow storm to get the benefit of Mr. Bailey's instructions.

Judging from the earnestness and interest thus manifested, I believe we may expect improvement in this work.

THE SCHOOL SYSTEM.

Under the present school system in this town, five years' work is required in each of the outlying schools. This requirement necessitates so many classes, that, while the number of pupils is not large in any of these schools, it does not allow the teacher time enough to do all the work required. In the intermediate room at the Center three years' work is required, and the room is full of pupils, so that here, too, the teacher cannot do justice to all her work. Three years' work is also required in the grammar school, while the number of pupils in that room has reached fifty-five, a much larger number than the room will seat. Therefore some of the grammar school children have to sit in the high school room, and a part of the grammar school work has to be done by the high school teacher, who has too little time to do the work of her own school. This mixing of the work of the two upper schools makes it impossible to do the best work in

either. Thus it appears that the present arrangement is unfavorable to the best results in any of the schools.

All this might be remedied if another school room could be provided at the Centre, and the pupils in the outlying schools carried there. All the schools below the high school could then be arranged, in four rooms, with two years work required in each room, and the high school by itself.

Such a regime would involve some expense at first, but when inaugurated, I believe the schools could be conducted for less money than at present, and they would certainly be in condition to do better work. "The tendency in smaller towns is towards consolidation, for the sake of classification, efficiency and economy." Few towns are better situated for carrying out their plan than Wilmington. I believe this matter is worthy of consideration, and I trust it will receive early attention.

This report has been prepared in the midst of a busy year, in connection with five others for other towns, and, while it is but an imperfect expression of the condition, work and needs of our schools, I trust it will be of sufficient interest to the citizens of the town to justify the time spent in its preparation.

Respectfully Submitted,

LEWIS T. McKENNEY,

Supt. of Schools.

REPORT OF THE FLAGSTAFF COMMITTEE.

TO THE SELECTMEN OF WILMINGTON :

Gentlemen : The flagstaff committee submit the following report : At the first meeting of the committee a sub-committee consisting of Messrs. Sheldon, Eames, Carter and Gowing were appointed to select and cut trees for a main mast and top mast.

A tree offered by Otis Gowing was examined and found defective. One was found for the main mast on the Blanchard farm belonging to W. Gowing. He was written to about it and kindly gave it.

On the 25th of March, the committee with W. H. Carter, man and four horses, C. H. Wilber, man and four horses cut and drew out the mast. They were nearly all day, but arrived safely on the location.

A top mast was given by Sylvester Carter, found on the Otis Jaquith farm, owned by Carter. He and G. T. Eames, with C. H. Wilber and two horses cut and drew it alongside of the main mast. And an agreement was made with H. Pigeon & Son to make and raise the staff, the committee to furnish help, rigging, etc.

It was decided after careful consideration, that the best place to stand the staff was in the centre of the common, and that it should set above ground supported by iron braces with stone anchors and foundation. Four anchor stones were found, two belonging to Otis Carter and two to Michael McMahon, who gave them. A mill stone for the mast to stand on was taken from the old mill stream of W. Wentworth, given by the present owner, H. A. Sheldon. Mr. C. F. Harris, man and two horses gave his services to draw the stone to the location.

An agreement with H. A. Sheldon to set the foundation and anchor stones for twelve dollars (\$12).

On May 5th and 6th the mainmast was raised and secured, top mast put in position and everything in first class shape except painting.

The expense somewhat overran the appropriation, but your committee feel justified in as much as the amount appropriated was very low for a flagstaff of that size and kind, the usual cost being from three hundred (\$300) to three hundred twenty-five dollars. (\$325.)

REPORT OF SELECTMEN ON STREET RAILWAY.

To the Citizens of the Town of Wilmington, Massachusetts.

Under the dates of April 12th, 1893, and May 20, 1893, our board received petitions from the directors of the association known as the Lowell & Reading Street Railway Co. for a right to locate the track of said Railway Co. in our Town, which was granted by our board after a full hearing was had upon their petitions and the following conditions and locations were granted and accepted by said association.

TOWN OF WILMINGTON.

IN BOARD OF SELECTMEN.

Nov. 27th, 1893.

Upon the petition of George E. Quimby, Chester W. Clark, Charles F. Brown, Henry H. Savage, J. Howard Eames, William W. Lang, Martin L. Hamblet, the directors of the association for the formation of the Lowell and Reading Street Railway Company, dated April 12th, 1893, and also upon the petition of the said Directors dated May 20th, 1893, for a location of the tracks of said Company in the highways of the Town of Wilmington, it is hereby ordered:—

I. That the prayers in both of said petitions are hereby granted so far as herein set forth and no further.

II. That permission is hereby granted to said Lowell and Reading Street Railway Company to construct, maintain and operate a single track street railway, with convenient and suitable turnouts and switches, upon and over the portions of the highways in said Town hereinafter mentioned, upon the terms, restrictions and conditions hereinafter set forth and not otherwise.

Commencing at the dividing line between the town of Reading, in said County and said Town of Wilmington, in the highway which is a continuation of the highway called Lowell Street in

said Reading, thence northwesterly through said highway to the road leading from Woburn to Lowell, sometimes called Main Street; thence northerly through said Main Street passing the railroad station on the Boston and Lowell Railroad called Wilmington, to the intersection of said Main Street or road leading to Tewksbury, with the Billerica Road, so called, sometimes called Shawsheene Avenue; thence westerly and northerly and northwesterly through said Shawsheene Avenue to the West school house, so called; thence northwesterly through the highway leading to the school house in that part of Billerica, called East Billerica, to the dividing line between said town of Wilmington and said town of Billerica.

Commencing at the dividing line between the City of Woburn, in the County of Middlesex, and the said Town of Wilmington, thence in the Highway leading from Woburn to Lowell, sometimes called Main Street; thence northerly through said Main Street to the road leading from Wilmington Railroad Station on the Boston and Lowell Railroad, called Wilmington, to Reading.

Also commencing in the road leading from Wilmington to Tewksbury at its intersection with the Billerica Road, so called, sometimes called Shawsheene Avenue; thence northerly through said road leading to Tewksbury to the dividing line between Wilmington and said Tewksbury.

III. Said location is hereby fixed and defined as follows: — In the highway, which is the continuation of Lowell Street in Reading, said location is fixed upon the westerly side of said highway, between the westerly line of said highway to be hereafter fixed by the County Commissioners or Selectmen, and a line parallel to said westerly line and ten feet distant therefrom; thence over said Main Street upon the westerly side thereof between the westerly line of said highway to be hereafter fixed by the County Commissioners or Selectmen, and a line parallel with said westerly line and ten feet distant therefrom to the Boston and Maine Railroad, Southern Division; thence over said Railroad, upon an addition to the present bridge, to be constructed by said Street Railway Company, at least ten feet in width, upon the westerly side of the present bridge; thence upon the westerly side of Shawsheene Avenue between the westerly line thereof to be hereafter fixed by the County Commissioners

or Selectmen, and a line parallel with said westerly line and ten feet distant therefrom to the Billerica line.

At the Woburn line upon the easterly side of Main Street between the easterly line of said highway to be hereafter fixed by the County Commissioners or Selectmen, and a line parallel with said easterly line and ten feet distant therefrom to the Poor Farm of the Town of Wilmington; thence, in front of said Poor Farm crossing to the westerly side of said Main Street; thence upon the westerly side of said Main Street, and over the Boston and Maine Railroad upon an addition to the present bridge, to be constructed by said Street Railway Company, at least ten feet in width upon the westerly side of the present bridge; thence upon the westerly side of said Main Street between the westerly line thereof, and a line parallel to said westerly line, and ten feet distant therefrom to the Tewksbury line.

I V. Said location is hereby granted upon the following conditions: —

1. That said location shall be accepted, and the acceptance thereof in writing filed in the office of the Town Clerk within thirty days after receiving notice thereof.

2. That said Corporation shall be fully organized, and procure its certificate of incorporation under the laws of this Commonwealth within six months from this date.

3. That said Company shall commence to build said road within twelve months from this date.

4. That said Company shall complete said road within two years from this date.

5. That said Company from and after said completion shall run over the whole distance of the roads hereby located not less than one car every hour each way, during the hours from six o'clock A. M. to seven o'clock P. M., except on Shawsheene Avenue.

6. That the fares for the carrying of passengers upon the cars of said road within the limits of the Town of Wilmington shall never exceed five cents per passenger, and that transfer tickets shall be issued which shall entitle passengers at either of the junctions of said locations to be carried to any point upon said road within the limits of said Town, without extra charge.

7. That the tracks of said railway shall be laid, at every point, at the level of the existing grade of the travelled part of

said highways on and over which it is laid and that said Company shall fill up that part of said highways embraced in this location to said level at its own expense, and in case, at any time, the grade of any highway, or a part of any highway, on and over which it is laid, shall be altered or changed by the proper authority, said track shall be immediately taken up and relaid by said Company at its own expense, and be made to conform at every point with such new grade, and only such portion of said rails shall be and remain above such grade as may be necessary for the passage of the car trucks thereon.

8. That said Railway Company, at its own expense, shall properly pave all the space between the rails and eighteen inches outside of each rail whenever and in such manner as the Selectmen of said Town of Wilmington may from time to time, in writing, require to be done, and shall always keep said space of ten feet in all other respects in good condition and repair, so as to be safe and convenient for persons and teams to pass and cross at all points, and satisfactory to said Selectmen. In case said Company shall at any time neglect or fail to keep said space in a state of repair as aforesaid, the same may be repaired by the Selectmen of said Town, and the expense of such repairs shall be charged to said Company and the same shall be promptly paid by it to said Town.

9. That said Company at its own expense shall repair, alter, remove and change the location of any and all tracks located by this order as and whenever the Selectmen of said Town shall deem it necessary for the public convenience, welfare and safety, and shall so direct in writing.

10. That the tracks and turnouts shall be laid with the Number Four Girder rail, weighing not less than forty-eight pounds to the yard, where it comes in highways, turnouts and cross-overs, and T rails for balance of road, with chestnut or oak ties not exceeding eighteen inches apart between centres with fish plates at the joints of the rails.

11. That the gauge of said tracks shall be four feet eight and one-half inches.

12. That the highways in which said tracks are located shall be left in a condition satisfactory to the Board of Selectmen of said Town over the full width of said highways, and any and all

expense necessary to widen, straighten, fill or otherwise change said highways, because of the location, construction or maintenance of said tracks shall be paid by said Company.

13. That said Company shall, at its own expense, construct and keep in repair all catch basins, drains, culverts, and other things necessary to drain said highways or provide proper outlets and passage for any and all surface water and any and all brooks or streams where water at any time flows at the side of or across any of said highways, so that said highways shall at all times be kept properly drained; all of such construction and maintenance to be done to the satisfaction of said Selectmen.

14. That said Company shall before commencing to build said railway, execute and deliver to said Town of Wilmington a bond, in the penal sum of ten thousand dollars, satisfactory to its Board of Selectmen, with condition that said Company will at its own expense defend any and all suits and proceedings in law or equity which may be brought against said Town of Wilmington on account of any alleged defect or obstruction in any of said highways, alleged to have been caused by the negligence of said Company or any of its agents or servants, or on account of any alleged neglect of said Company, to keep its tracks, turnouts, switches, roadbed, or any part thereof in proper repair; or in any way alleged to result from the construction and operation of said railway over said highways or any of them; and that said Company shall and will pay any and all damages and costs which may be recovered in said suits and proceedings, and shall and will reimburse said Town for all loss or damage at any time sustained by it on account of said defects, whether directly or indirectly arising out of the liability of said Town to any person or persons or for any property injured thereby, and also from all loss or damage arising from the neglect or failure of said Company to keep said highways or any part thereof, in safe and convenient condition for public travel while laying said tracks, or operating said railway, or from its neglect or failure to comply with any of the requirements of the Board of Selectmen of said Town of Wilmington, whether expressed in this resolve or hereafter ordered.

15. That said company before proceeding to construct any part of said railways shall file with the Clerk of said Town of Wilmington a map of its routes showing its tracks, switches and

turnouts of a scale of twelve inches to the mile approved by its Board of Selectmen.

16. That before any cars are run over the tracks of said Company, all work done in constructing said railway shall be approved by said Selectmen in writing.

17. That said railway shall be constructed in sections of not more than one fourth of a mile in length and each section shall be completed before the next one shall be commenced.

18. That said company shall keep all of said highways in safe and proper condition for public travel while constructing said road and also at all times while operating said road, or while its track remains in said highways, and shall defend any and all suits brought against said Town of Wilmington on account of any defect or obstruction in any of said highways because of any alleged negligence of said company or any of its agents or servants.

19. That said company whenever it removes snow or ice from its tracks shall immediately spread it evenly upon the surface of the highways and leave said highways safe and convenient for public travel and satisfactory to the Board of Selectmen, or Road Commissioners of said Town of Wilmington.

20. That said Company shall pay to said Town all expenses incurred by said Town or its Selectmen on account of its petitions, and doings in every respect.

21. That said Company shall at all times comply with the laws of this Commonwealth, also with the requirements of this order, and with any and all such further regulations as the Board of Selectmen of the Town of Wilmington may from time to time adopt.

22. That this location may be revoked at any time at the election of said Selectmen or a majority of them, whenever any one of the above conditions is not complied with, or said Company fails to continue to comply with all of said conditions.

23. That in case said location shall be revoked, said Company shall forthwith remove its tracks and other material from said highways and leave them level and in proper condition for public travel and satisfactory to said Selectmen.

24. That this location shall not be sold, leased, assigned or in any manner transferred by said Company without the written consent of the Selectmen of the Town of Wilmington.

25. That wherever said tracks shall be laid in front of any dwelling house, store or other building, said Railway Company shall construct suitable driveways and crosswalks over its tracks to be located where, and constructed as, the Selectmen may require.

I hereby certify that I have examined the Selectmen's orders and Treasurer's accounts for 1894, Collector's books, 1893-94, and find them properly cast and vouched, also one hundred sixty-four dollars and thirty-four cents in the treasury.

Collector's books for previous years have been destroyed by fire.

In examining the Assessors' valuation list book, I find errors as per memorandum annexed.

FRANK E. MILLETT,
Auditor.

ANNUAL REPORT

OF THE

SCHOOL COMMITTEE

OF THE

TOWN OF WILMINGTON.

1894-95.

REPORT OF THE SCHOOL COMMITTEE.

The School Committee respectfully submit their annual report as follows : —

The Committee have felt an added responsibility the past year, losing as we did, the first of May, our Supervisor of Schools ; we have labored thoughtfully and, we trust, judiciously to maintain, if possible, the high standard the schools attained while under his direction.

The superintendency, embracing six towns of which our own was one, was last spring reduced, and a new district formed of four towns only, by which arrangement Wilmington was dropped.

There has as yet been no opportunity of uniting with towns nearer, but we would urge that some plan, if possible, be arranged by which we may again have a Supervisor of Schools.

Realizing as we do, through close acquaintance with the schools, their marked advancement while under such charge, we can regard it only as a backward step if we continue long without one.

Our teachers have been interested to carry out the plan of work as mapped out in our "Course of Study," and they have been, with scarcely an exception, efficient and thoroughly awake to the needs of their schools ; we are more than gratified with the results.

Fortunately, we were obliged to make but few changes in our corps of workers during the year, and these have been to advantage ; we always regret losing a good teacher, as a change means a risk. We feel that we are not mistaken when we affirm that our schools will rank favorably with those of like grade in larger towns.

We wish to bring to the notice of the people the present situation in the Centre grammar room.

As now arranged, our pupils are promoted to this room from the fifth grade, thus requiring of the teacher the work of three grades, namely, the sixth, seventh and eighth.

All last year we realized that this was too much. It was simply impossible to accomplish satisfactory results with the time thus crowded.

This year, there is an attendance of nearly sixty pupils; the seating capacity being insufficient, the graduating class has been accommodated in the High School room, and two of its recitations have been required of the High School principal; this, plainly, was time justly due to the High School pupils.

In order to relieve both teachers and at the same time secure better results with this class, it was decided to secure the services of an assistant, who should take the whole charge of it. We have engaged Miss Jessie L. Adams, a graduate of Boston University, well qualified for the work.

What is needed to-day is an additional room in our Centre building. Our town is growing; more children are attending our schools each year who must be accommodated.

We would recommend that this matter receive attention at the annual town meeting, and, if possible, a favorable decision be reached by which a permanent school-room be fitted up at the centre of the town.

At the time the South school-house was destroyed by fire, it was arranged to have the children from that district conveyed to the Centre building; our teachers have willingly taken this extra responsibility in addition to what had been required of them. These pupils, however, attend the two lower rooms, and do not affect, in any way, the overflow in the room above.

We, as a Committee, fully appreciate the effort the town is making in the cause of liberal education; much has been done and is being done. We know, too, that much responsibility rests upon us to further this interest.

We would say a word to the parents. Have you done your part by occasionally visiting the schools? Is there any interest more vital than the education of our children? No persons can exert such an influence in favor of teacher and school as the parents, and thus promote the welfare of the child. A personal interview with the teacher would be of mutual advantage, especially should any misunderstanding arise.

Suppose a child has a low mark on his report card, don't lay the blame upon the teacher; encourage him to bring his work home occasionally, to meet, if need be, your ready assistance. In

such ways is the bond of sympathy strengthened and a greater interest results.

Many of the parents have expressed a desire that music be included in the prescribed course of study. The teachers have done what they could in this direction, but a special instructor in this branch is needed.

The Committee have not felt authorized to take any action in the matter the past year, but would suggest that it be considered at the annual town meeting.

Through the resignation of Mr. Arthur O. Buck, in September, the town lost a member of the School Board whose long acquaintance with the work of the schools, and his untiring efforts in their behalf, made him invaluable. Special ability and long experience are rarely combined in such a public servant.

Mr. Edgar C. Folkins, the successor of Mr. Buck, has readily adapted himself to the work.

The closing exercises in the schools were interesting.

The graduation at the High School took place on the evening of June 22. The members of the graduating class were: Ruth R. Cole, Bertha Haworth, Maud M. Hodgdon, Etta Jennings, Ida L. Kelley, William J. Mullin. Rev. Mr. Harmon presented the diplomas in a pleasing and impressive manner.

Through provision made at the last town meeting, there have been some repairs to the school buildings, chief of which are the concrete walks in the High School yard, and a fresh coat of paint for this building.

The schools throughout the town have been in session forty weeks.

Whole number of children in the town, May 1, 1894,	
between the ages of 5 and 15 years	249
Whole number of children in the town, May 1, 1894,	
between the ages of 8 and 14 years	152

The Committee recommend that the town raise and appropriate the sum of \$3,500 for regular school expenses, and an additional \$300 for school supplies.

Much as we appreciate all that has been done by the teachers and the town for the success of the schools the past year, we must remember that to maintain any advantage gained we must make further gain.

It is both just and wise for the town to provide generously for supervision, special teaching of music and the opening of a new room for the relief of the Centre school.

WILMINGTON, Jan. 17, 1896.

WARRANT FOR TOWN MEETING.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To SAMUEL R. RICE, Constable of the Town of Wilmington.

Greeting :

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Wilmington, qualified by law to vote in State and Town affairs, to meet and assemble at the Town Hall, on Monday, the second day of March next, at nine o'clock in the forenoon. The polls to be opened at ten o'clock A. M., and may be closed at four o'clock P. M., for the election of officers and to act upon the following articles, viz :—

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To bring in your votes on one ballot for all town officers for the ensuing year required by law to be chosen by ballot.

ART. 3. To choose all other necessary town officers for the year ensuing.

ART. 4. To hear reports of committees and act thereon.

ART. 5. To see how much money the town will vote to raise and appropriate for the support of schools, school books and supplies, salary of school committee, highways, and roads and bridges, support of poor, repairs of public buildings, for improving the grounds of the common, the cemetery (old and new), public library, town officers, removing snow, miscellaneous expenses, notes payable and interest, State and County tax, outstanding indebtedness, and police and fire wardens.

ART. 6. To see what method the town will adopt for the collection of taxes.

- ART. 7. To see if the town will authorize the Town Treasurer, with the sanction of the Selectmen, to borrow money in anticipation of taxes, when necessary to meet current demands for the ensuing municipal year, the same to be paid out of this year's taxes.
- ART. 8. Shall licenses be granted for the sale of intoxicating liquors in this town? Yes or No.
- ART. 9. To see how much money the town will raise and appropriate for the observance of Memorial Day.
- ART. 10. To see if the town will vote to raise and appropriate the sum of fourteen hundred dollars for the purpose of building a school house on the site of the one destroyed by fire on Butters row in the south district.
- ART. 11. To see if the town will vote to instruct the Superintendent of Streets to employ none but resident legal voters upon the highway work of the town.
- ART. 12. To see if the town will vote to build a school house in any part of the town, and raise and appropriate money therefor, or do anything in relation to the subject.
- ART. 13. To see what action the town will take in regard to furnishing additional school accommodation, as recommended by the School Committee.
- ART. 14. To see if the Town will vote to raise a sum of money for the purpose of purchasing a new hearse.
- ART. 15. To see if the Town will vote to employ a Superintendent of Schools and make an appropriation for the same.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands at Wilmington, this, the tenth day of February in the year of our Lord one thousand eight hundred and ninety-six.

EDWARD M. NICHOLS,

REPORT OF INSPECTOR OF CATTLE AND PROVISIONS.

At the commencement of the year 18 cattle were in quarantine, which were tested in June. 12 were condemned and destroyed, the balance were released.

Certificates of health have been given to owners of cattle as follows :

Cows in milk,	188
“ dry,	26
Young cattle,	59
Bulls,	7
Oxen,	2
Quarantined,	20
	<hr/>
Total Inspection,	302

Of the 20 cattle quarantined, 8 were condemned and destroyed, balance were released.

Special permit was received from commissioners to kill and examine 14 cattle suspected of tuberculosis, at the slaughter-house, of which 10 were condemned, the balance were found healthy. The number of cattle inspected at slaughter-house at

time of slaughter, was 200. Of this number, only 1 was condemned and destroyed.

It will be seen that a total of 21 cattle were destroyed this year. 47 hogs were inspected and 2 were found tuberculous and were killed and buried.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX S. S.

To SAMUEL R. RICE, Constable of the Town of Wilmington.

Greeting :

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Wilmington qualified by law to vote in state and town affairs to meet and assemble at the Town Hall, on Monday, the first day of March next, at nine o'clock in the forenoon the polls to be opened at ten o'clock A. M. and may be closed at four o'clock P. M., for the election of officers and to act upon the following articles, viz :—

ART. I. To choose a moderator to preside at said meeting.

ART. II. To bring in your votes on one ballot for three Selectmen, three Assessors, three Overseers of the Poor, Town Clerk, Treasurer, Collector of Taxes, School Committee for three years, Constable, three Auditors, three Fence Viewers, also shall licenses be granted for the sale of intoxicating liquors in this town. Yes or No.

ART. III. To choose all other necessary town officers for the year ensuing.

ART. IV. To hear reports of committees and act thereon.

ART. V. To see how much money the town will raise and appropriate for the support of schools, for school books and supplies, for salary of school committee, highways and roads and bridges, support of poor, repairs on public buildings, for improving the cemetery (old and new) public library, town officers, remov-

ing snow, miscellaneous expenses, printing, notes payable and interest, state and county tax, and outstanding indebtedness.

ART. VI. To see what method the town will adopt for the collections of taxes.

ART. VII. To see if the town will authorize the town treasurer with the sanction of the selectmen to borrow money in anticipation of taxes when necessary to meet current demands for the ensuing municipal year, the same to be paid out of this year's taxes.

ART. VIII. To see how much money the town will raise and appropriate for the observance of Memorial day.

ART. IX. To see if the town will vote to perfect the manuscript record of deaths in the town clerk's office by additions from the gravestones in the cemetery and family records, the expense of the same to be paid from the miscellaneous appropriation.

ART. X. To see if the town will authorize the printing of 500 copies of the manuscript record of births, marriages and deaths, from 1694 to 1897, under the direction of the town clerk, the expense of the same to be paid from the miscellaneous appropriation, said copies to be deposited in the town clerk's office and to be disposed of to any and all persons for twenty-five cents a copy, and all sums received by him therefor shall be turned into the treasury of the town.

ART. XI. To see if the town will vote to give the Good Templars the use of the Town Hall two evenings in the month.

ART. XII. To see if the town will accept the sum of one hundred dollars from the Estate of Thomas P. Eames, the income of said sum to be expended annually upon his lot in the cemetery.

ART. XIII. To see if the town will raise and appropriate a sufficient sum of money for the purpose of locating and bounding at least five miles of the highways each year, commencing at the Town Hall.

ART. XIV. To see if the town will vote to raise and appro-

priate the sum of one hundred and fifty dollars for the purpose of making necessary alterations in the interior of the Town Hall.

Hereof fail not and make due return of this warrant with your doings thereon to the town clerk at the time and place of said meeting.

Given under our hands at Wilmington this, the ninth day of February, in the year of our Lord one thousand eight hundred and ninety-seven.

EDWARD M. NICHOLS,
WILLIAM E. GOWING,

Selectmen of Wilmington.

AUDITOR'S REPORT.

We hereby certify that we have examined the Treasurer's accounts for 1897, Collector's books for 1893, '94, '95, '96, and '97; and find them correct, with balance of thirteen hundred sixty-two dollars and forty-six cents in treasury.

Also Selectmen's orders, Valuation and Commitment books, and find them properly vouched and cast; we would suggest that the Treasurer be requested to keep a proper Ledger account with Notes Payable, also each Appropriation, Trust Fund, and Cemetery.

REPORT OF INSPECTOR OF CATTLE AND PROVISIONS.

Certificates of health have been given to owners of cattle, as follows:

Cows in milk,	158
“ dry,	40
Bulls,	10
Young cattle,	44
Oxen,	2
Quarantined,	11
<hr/>								
Total inspection,	165

Of the eleven cattle quarantined, five were released, one died before testing, of heart disease, the balance condemned and destroyed. In addition seventeen cattle were quarantined at slaughter houses ; of this number six were released by tuberculin test. Of 248 cattle killed at licensed slaughter houses without tuberculin test, none have been found diseased. One hundred and thirty-five cattle have been brought into this town from out of the state on Commissioners' permits, and released by tuberculin test, no disease being found upon them. Ninety-seven swine inspected and found to be without disease.

H. ALLEN SHELDON,
Inspector of Cattle and Provisions.

EDWARD M. NICHOLS,

Town Clerk.

WILMINGTON, Jan. 5, 1898.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX S.S.

TO SAMUEL R. RICE, Constable of the Town of Wilmington.

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Wilmington qualified by law to vote in state and town affairs to meet and assemble at the Town Hall, on Monday, the seventh day of March next, at nine o'clock in the forenoon the polls to be opened at ten o'clock, A. M. and may be closed at four o'clock P. M., for the election of officers, and to act upon the following articles, viz: —

ART. I. To choose a Moderator to preside at said meeting.

ART. II. To bring in your votes on one ballot for three Selectmen, three Assessors, three Overseers of the Poor, Town Clerk, Treasurer, Collector of Taxes, School Committee for three years, Constable, three Auditors, three Fence Viewers; also shall licenses be granted for the sale of intoxicating liquors in this town? Yes or no.

ART. III. To choose all other necessary town officers for the year ensuing.

ART. IV. To hear reports of committees and act thereon.

ART. V. To see how much money the town will raise and appropriate for the support of schools, for school books and supplies, for salary of School Committee, highways, and road and bridges, support of poor, repairs on public buildings, for improving cemetery (old and new), public

library, town officers, removing snow, micellaneous expenses, printing, notes payable and interest, state and county taxes, outstanding indebtedness, police.

ART. VI. To see what method the town will adopt for the collection of taxes.

ART. VII. To see if the town will authorize the town treasurer with the sanction of the selectmen to borrow money in anticipation of taxes when necessary to meet current demands for the ensuing municipal year, the same to be paid out of this year's taxes.

ART. VIII. To see how much money the town will raise and appropriate for the observance of Memorial Day.

ART. IX. To see if the town will vote to accept the provisions of Chapter 254 of the Acts of 1897, and if so what action will the town take in relation thereto.

ART. X. To see if the town will vote to adopt a code of By-Laws; if so, what action they will take in relation to the same.

ART. XI. To see what action the town will take in relation to raising the barn and repairing the cellar at Town Farm.

ART. XII. To see if the town will vote to raise and appropriate the sum of three hundred dollars for the purpose of searching the records at Lowell for the transfers of titles to real estate.

ART. XIII. To see how much money the town will raise and appropriate for the transportation of children to the public schools.

ART. XIV. To see if the town will vote to sell the disused school building in the west part of the town, or what they will do about it.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

Given under our hands at Wilmington this the first day of February in the year one thousand, eight hundred and ninety-Eight.

EDWARD M. NICHOLS,
WILLIAM E. GOWING,
J. HOWARD EAMES.

AUDITOR'S REPORT.

We hereby certify that we have examined the Treasurer's accounts for 1898, Collector's books (F. A. Eames) for 1893-'98, and find them properly cast and vouched, also Seventeen Hundred Ninety $\frac{8}{10}$ Dollars in the Treasury.

Collector's books (E. M. Nichols) for years 1888-'92, have been destroyed by fire, and of the balance, \$2330.58, as per Town Report of January 5, 1898, none has been collected during the past year.

Selectmen's accounts for 1898 we are unable to verify, as certain insurance policies, for which the town has paid the premiums on, are not at hand.

FRANK E. MILLETT.
WM. WARREN CARTER.

REPORT OF INSPECTOR OF CATTLE AND PROVISIONS.

No general inspection of cattle has been ordered by the Cattle Commissioners during the year but instructions have been given by them not to quarantine any cattle. Two requests have been made for quarantine which have been refused. Of these one died, the other was killed. Both were examined and found badly diseased. 279 cattle have been examined at slaughter houses and of them one was found diseased. 280 cattle have been brought from without the State; of these two have been refused papers, the others pronounced healthy.

H. ALLEN SHELDON.
Inspector of Cattle and Provisions.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX SS.

To SAMUEL R. RICE, Constable of the Town of Wilmington.

Greeting :

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of the Town of Wilmington qualified by law to vote in town affairs to meet and assemble at the Town Hall, on Monday, the sixth day of March next, at nine o'clock in the forenoon, the polls to be opened at ten o'clock A. M., and may be closed at four o'clock P. M., for the election of officers, and to act on the following articles, namely :—

- ART. I. To choose a Moderator to preside at said meeting.
- ART. II. To bring in your votes on one ballot for three Selectmen, three Assessors, three Overseers of the Poor, Town Clerk, Treasurer, Collector of Taxes, School Committee for three years, Constable, three Auditors, three Fence Viewers, also shall license be granted for the sale of intoxicating liquors in this town ? Yes or No.
- ART. III. To choose all other necessary town officers for the year ensuing.
- ART. IV. To hear reports of Committees and act thereon.
- ART. V. To see how much money the town will vote to raise and appropriate for the support of schools, for school books and supplies, for salary of School Committee, highways and road and bridges, support of poor, repairs of public buildings, for improving cemetery, (old

and new), public library, town officers, removing snow, miscellaneous expenses, printing, police, notes payable and interest, state and county taxes, outstanding indebtedness.

ART. VI. To see what method the town will adopt for the collection of taxes.

ART. VII. To see if the town will authorize the Town Treasurer with the sanction of the Selectmen to borrow money in anticipation of taxes when necessary to meet current demands for the ensuing municipal year, the same to be paid out of this year taxes.

ART. VII. To see how much money the town will raise and appropriate for the observance of Memorial Day.

ART. IX. To see if the town will vote to re-appropriate the unexpended balance due on the new school house on Chestnut St.

ART. X. To see if the town will accept the provisions of the will of the late Sabra Carter, wherein she leaves to the town of Wilmington five hundred dollars, the income of one hundred dollars to be used in keeping her family burial lot in order, the income of two hundred dollars to be used in cleaning marbles in the cemetery and the income of the remaining two hundred dollars to be used to ornament with flowers around the flag staff on the common.

ART. XI. To see if the town will vote to appoint three competent men to examine the condition of the different school houses in town and authorize said committee to paint such buildings as may require it, and make such repairs as may be found necessary for the complete preservation of same, work to be paid for out of a special or regular appropriation for repairs on public buildings, or what they will do about it.

ART. XII. To see if the town will raise and appropriate the sum of five hundred dollars for the purpose as set forth in Article Eleven, said sum to be reserved exclusively for aforesaid purpose, and any unexpended amount be

held by the Town Treasurer as a fund for repairs on school houses, or what they will do about it.

ART. XIII. To see if the town will accept as a gift from the Ex-High School Associates, the sum of two hundred and eighty-three dollars on the condition that the town will raise and appropriate the further sum of seven hundred and seventeen dollars, the whole amount of one thousand dollars to be expended in the purchase and erection of a Soldiers' Monument.

ART. XIV. To see if the town will grant a location for a Soldiers' Monument and appoint a committee with full power to act with a committee of the Ex-High School Associates in the purchase and erection of said Monument.

Hereof, fail not and make due return of this warrant with your doings thereon, to the Town Clerk at time and place of said meeting.

Given under our hands at Wilmington this the fourth day of February, in the year one thousand eight hundred and ninety-nine.

TOWN MEETING.

RECORD OF PROCEEDINGS OF ANNUAL TOWN MEETING HELD MARCH 6, 1899.

In accordance and obedience to the directions of the foregoing warrant the qualified voters of the Town of Wilmington, assembled at the Town Hall, on Monday, the sixth day of March, A. D. 1899, at nine o'clock in the forenoon, the results with the votes taken are as follows:

Owing to the absence of the Town Clerk the meeting was called to order by the selectmen present, Mr. J. Howard Eames in the chair, on the list of voters being read he called for ballots for the election of a Clerk *pro tempore*. On the votes being sorted and counted, James E. Kelley was declared elected, and sworn by Mr. Chester W. Clark.

ART. 1. Chester W. Clark elected Moderator, the check list being used, and the vote being taken by ballot.

ART. 2. The Moderator administered the oath required by law to Edward N. Eames, Howard M. Horton, Peter F. McMahon, and George McKittrick, as ballot Clerks and Tellers. Upon inspection of the ballot box it was found empty, but would not register, and the fact was so recorded, the Moderator when the ballots were delivered to the Ballot Clerks, and a receipt for the same taken by

the Clerk Pro tem ordered the polls to be opened and the election of officers to proceed. On motion it was voted that the polls for the election of officers on the official ballot closed at 4.15 P. M., and notice to that effect was given by the Moderator. At the appointed time the Moderator declared the polls closed. The names checked upon the lists numbered one hundred and eighty-seven, and the ballots on being removed from the ballot box and counted numbered one hundred and eighty-seven.

The following is the vote as declared by the Moderator:

ART. 3. Voted that the Moderator appoint a committee of three to retire and bring in a list of nominations for the several offices not required by law to be chosen by ballot, William E. Gowing, Othniel Eames and John T. Wild, were so appointed, and from the list submitted,

which was accepted and adopted, the following were declared elected:

Common Committee for Three Years.—H. Allen Sheldon.

Cemetery Committee for Three Years.—Othniel Eames.

Surveyors of Lumber.—James E. Kelley, Arthur W. Eames, Edward A. Carter, Ellis E. Carter and Sylvester Carter.

Surveyors of Wood and Bark. — Arthur W. Eames, James E. Kelley, Henry L. Carter, and Edward A. Carter.

Measurer of Leather.—J. Arthur Taylor.

Public Weighers.—Herbert N. Buck, George A. Hart, and Warren Eames.

Sealer of Weights and Measures.—James E. Kelley.

Pound Keeper.—Warren Eames.

Trustees of Public Library for Three Years.—Arthur O. Buck and Edgar C. Folkins.

ART. 4. Mr. William E. Gowing, as one of the Committee on By-Laws, reported that the reason the same were not in force was that they had not been presented to the Court for approval by reason of negligence on the part of the Committee, particularly that of the Chairman, but as one of said Committee he would take his share of the blame. Mr. Chester W. Clark stated that he received from the Chairman of the Selectmen a copy of the By-Laws to present to the Court and as a certified copy of the vote of the Town whereby said By-Laws had been accepted was necessary, he had written Mr. Nichols for a copy of the same, but he had never received it, consequently he could not present them to the Court. He further stated that some clerical errors should be corrected, and some of the sections changed. On motion of Mr. Arthur T. Bond, it was voted that the said By-Laws be referred back to the Selectmen, and that they be empowered to employ Counsel.

The Building Committee on the Chestnut Street School House being called on, Mr. Sylvester Carter, "the only

member present," stated that as he had been absent from town for some time he could not give much information, but he thought there was one payment due the contractors.

Mr. William E. Gowing stated that the building was completed and the key turned over to the Selectmen, also that there was one payment due and that the building was unfurnished.

ART. 5. Voted to raise and appropriate the following sums of money for the ensuing year:

Support of Schools	\$5,150 00
Books and Supplies	500 00
Salary School Committee	150 00
Highways, Roads and Bridges	2,000 00
Support of Poor	1,000 00
Repairs of Public Buildings	200 00
Cemetery (old and new)	150 00
Public Library	150 00
Town Officers	1,100 00
Removing Snow	225 00

The motion to raise the sum of \$225.00 and that the same be appropriated for the purpose of removing snow, was declared carried by the Moderator, the vote was doubted, but on the house being polled it was unanimously voted that the said sum be so raised and applied.

For Printing	\$100 00
For Notes and Interest	1,550 00
For State and County Tax,	1,500 00
Miscellaneous	700 00
Police	100 00
Outstanding Indebtedness,	100 00

Voted on motion of Mr. Frank E. Millett that the Selectmen be authorized to use any money remaining in the treasury from appropriations not used in full, "after the purposes for which the money was raised have been

accomplished," to pay any liabilities incurred for other objects in excess of appropriations.

ART. 6. Voted that the taxes for the year 1899 be collected on commission and that the collector of taxes receive one and one half per cent.

ART. 7. Voted that the Town Treasurer be authorized with the sanction of the Selectmen to borrow money in anticipation of taxes, when necessary to meet current demands for the ensuing municipal year, the same to be paid out of this year's taxes.

ART. 8. Voted to raise and appropriate the sum of seventy-five (\$75.00) dollars for the observance of Memorial Day. Voted that a committee of three Veterans be appointed by the Moderator to retire and bring in a list of three names to act as committee on expending the appropriation for the above object. The Moderator appointed Rev. Elijah Harmon, Milton T. Holt, and Darius K. Bean. Messrs. Harmon and Holt declined, and Horatio G. Littlefield and William P. Holt were named in their place. Said committee presented the following names: William P. Holt, Levi Swain and Darius K. Bean. The report was accepted and adopted.

ART. 9. Voted to pass the article.

ART. 10. Voted that the town accept the provisions of the will of the late Sabra Carter wherein she provides as follows: "To the Town of Wilmington I leave the sum of five hundred (\$500) dollars. The interest of one hundred (\$100) dollars of this sum I wish to be spent in keeping our family burial lot in order. I wish that the interest of two hundred (\$200) dollars of this sum be placed in the hands of the Cemetery Committee, to be spent in cleaning the marbles, first in the Jacques portion and the remainder for others. I wish the interest of two hundred (\$200) dollars be used to ornament around with flowers, the flag staff on the Common.

ART. 11. Voted to pass the article.

ART. 12. Voted to pass the article.

ART. 13. It was motioned to accept the gift from the Ex-High School Associates on the condition as set forth in the article. Rev. Elijah Harmon made an eloquent plea in favor of the motion, and Mr. Henry M. Eames of Woburn, one of the Associates, "to whom the meeting extended the courtesy of the floor," made some brief explanatory remarks, at the conclusion of which the meeting voted not to accept the gift.

ART. 14. Voted to pass the article.

On motion it was voted to return and take up Article 4, in regard to reports of Committees.

On motion it was voted that the Clerk read the Auditors' Report. He complied by reading the printed report contained in the annual Town Report. The supplementary report of the Auditors was then called for, but the Moderator ruled that the whole matter was not in order; an appeal was made from his decision, and on a vote being taken the decision of the Chair was sustained.

After the declaration of the vote for Town Officers under Article 2 of the warrant by the Moderator, it was voted to adjourn *sine die*.

SELECTMEN'S REPORT.

Citizens of the Town of Wilmington :

With the close of the year, we submit to you a statement of the past twelve months' affairs, together with an account of the several departments.

In regard to the expense incurred for removing snow, the appropriation for the same was inadequate, but by an act of the Legislature of 1898, a tax was levied upon electric railroads according to the number of miles of track laid in the public streets of the town; the same to be expended upon the streets in construction, improvements, or the removal of snow. So we were enabled to make up for the deficiency by using a portion of said tax.

The appropriation for repairs of public buildings was not sufficient to meet the necessary expenditures, owing to an unthought of expense at the Chestnut street school-house. No out-houses were provided and we were obliged to supply the want; also to build a fence where the wall had been removed for use in building the cellar, and private land laid common. Also to provide some means of getting to the cellar for wood different to the only entrance provided, viz:—From the outside by a bulk-head located on the side of the building and unprotected from the water which fell from the roof, there being no gutters. We have provided an entrance to the cellar from the school-room, which is very neat and convenient and as

a whole, the school-house is in our opinion the most light, cheerful, and best arranged small school building in town. But we suggest a small outlay upon the grounds and the placing of gutters and conductors upon the building, thereby securing the same result with less expense than concreting a strip on the sides of the building would cost.

The balance of the special appropriation for furnishing, etc., which was unexpended, we transferred to help make up the deficiency in this department.

Under the Miscellaneous Report will be seen an expenditure for a new well at the Chestnut street school grounds. An analysis of the water and an examination of the grounds was made in 1898, by an agent of the State Board of Health, and a report that the water was impure and not fit for drinking purposes, submitted to the Town Board of Health. No action on the matter having been taken, the Board of 1899 had the well cleaned in a thorough manner, and a second analysis of the water taken. The report received was that it was worse than the first sample, and that the well be abandoned and its use discontinued, necessitating the digging of another well which was done and a generous supply of good water has been secured.

The Highways of the town are in good order, and the work of the past year has been well performed. In connection with this department we wish to say that at a hearing before the State Highway Commission at Cambridge, the town was represented by its Selectmen, who presented its claim for recognition in the awards to be made this Spring. We are not sanguine of success in our effort, as we are one town among so many, but we went by the divine maxim "ask and thou shalt receive."

The schools of the town have been maintained within the appropriation and a small balance remains unexpended.

The expenditure for books and supplies is increased over previous years.

The expenditures for poor will be found under the Report of the Overseers.

As several lots have been sold in the new part of the cemetery we would suggest that the appropriation be increased and the fence on Wildwood street be continued, so as to give protection to the lots which have been sold and improved.

In connection with the appropriation for repairs of public buildings we would suggest that the same be increased. The east and west school-houses should be painted, and although we do not advocate the expenditure of much money upon the Town Hall, some needed and necessary repairs should be made.

We suggest an increase in the appropriation for Town Officers, as the present year will be one of much labor to the assessors, and although it may sound strange to some, the term "general valuation year" is not recognized by the Tax Department of the State, and after the labor of this year is completed, and a proper start made, the work must be performed annually.

We suggest an increase in the appropriation for Printing, as the assessors valuation of this year must be printed.

The other departments will be found under their proper titles.

A word in conclusion in regard to the financial condition of the Treasury. By the Treasurer's Report you will see that the temporary loan was reduced three thousand dollars from last year, but still we have seventeen thousand dollars borrowed. This is caused by the lax methods which have been employed in the collection of taxes. And although it may not be evident without careful consideration, it is a fact, nevertheless, that the Treasury must be run to a greater extent than has been the practice, upon

our own resources, rather than on borrowed capital. The table of assets exhibited yearly has contained several hundred dollars which are worthless; the same being caused in part by the method above referred to and by others which will be found treated under the Assessors' Report.

Respectfully submitted,

JAMES E. KELLEY,
WM. E. GOWING,
CHARLES J. SARGENT,
Selectmen of Wilmington.

ASSESSORS' REPORT.

To the Taxpayers :

We wish to call your attention to a few facts in connection with the office of Assessor. Although elected by the voters of the town they are under the orders and supervision of the Tax Commissioner and his Deputy, which may be seen by referring to Chap. 507, Acts of 1898.

The responsibility attached to the office is not recognized by a large per cent. of the tax payers and even the assessors have overlooked or ignored their duties. The practice of assessing a tax on real estate to a person "who has ceased to be the record owner," year after year and giving the Collector an abatement for the same, with no appropriation to draw upon, must have its effect upon the treasury. Then the negligence of the Collectors in collecting the single poll taxes until a great many remove from town and an abatement of the tax is the result. Also a considerable number of small lots have been carried along for the last twenty years or more taxed to the town, the amount of said tax yearly being about ten dollars. The practice has been to give the Collector an abatement for the same but the present year it was discontinued and the tax paid, hoping thereby to bring the matter more plainly to your attention, the amount abated yearly, as stated in the annual reports, furnishing no information of the above facts. No benefit being derived from the ownership of said land we advise that the same be sold.

Considerable more has been added by sales of the last two years and on the expiration of the redemption period that also should be sold according to law.

AUDITOR'S REPORT.

I hereby certify that I have examined the accounts of the Treasurer, the Collectors of Taxes, the Selectmen's Order Book, Valuation and Commitment Books for 1899. A few slight errors have been rectified and the accounts are now found to be correct and accompanied by proper vouchers. There remains in the Treasury a balance of Fourteen Hundred and Sixty-Four and $\frac{48}{100}$ Dollars (\$1,464 48).

GEORGE L. PERRY,
Auditor.

REPORT OF INSPECTOR OF ANIMALS AND PROVISIONS.

SLAUGHTERHOUSE INSPECTION.

257 cows, 6 bulls and 2 oxen have been killed and inspected in the licensed slaughterhouses of the town, between March 1, 1899, and Jan. 1, 1900. 10 were quarantined, 9 were condemned and 1 was released. 1 was killed without being quarantined and was afterwards condemned. 42 hogs have been examined and no trace of disease found. 44 cows were brought into town by order of the Commissioners and destroyed.

One general inspection of animals was ordered by the Cattle Commissioners during the year which resulted in finding stock as follows: cows in milk, 219; cows dry, 25; young cows, 54; bulls 9; sheep 33; swine 417.

TOWN WARRANT.

COMMONWEALTH OF MASSACHUSETTS,

MIDDLESEX SS.

To William E. Swain, Constable of the Town of Wilmington.

GREETING:

In the name of the Commonwealth of Massachusetts, and in the manner provided in Sect. 2, Art. 1., of the By Laws, you are hereby directed to notify and warn the inhabitants of the Town of Wilmington qualified by law to vote in town affairs, to meet and assemble at the Town Hall, on Monday, the fifth day of March next, at nine o'clock in the forenoon, the polls to be opened at ten o'clock A. M., and may be closed at four o'clock P. M., for the election of officers, and to act upon the following articles, namely:

ART. 1. To elect by ballot a Moderator to preside at said meeting.

ART. 2 To bring in your votes on one ballot for three Selectmen, "who shall act also as Assessors and Overseers of the Poor," Town Clerk, Treasurer, Collector of Taxes, School Committee for three years, School Committee to fill vacancy for remainder of term of three years from the first Monday of March, 1899, Constable, one Auditor, three Fence Viewers, also to vote upon the following questions, viz.: Shall license be granted for the sale of intoxicating liquors in this town? Yes or No. Amendment to the By-Laws:—It shall be the duty of the Auditor

on or before the last day of each month to examine all bills before the Selectmen, issue an order on the Treasury for the payment of the same; also to compare the Collector's tax list with the Assessors' books previous to the first day of August in each year. Vote Yes or No.

ART. 3. To choose all other necessary town officers for the year ensuing.

ART. 4. To hear reports of Committees and act thereon.

ART. 5. To see how much money the town will vote to raise and appropriate for the support of schools, for school books and supplies, for salary of School Committee, highways, roads and bridges, support of poor, repairs of public buildings, for care and improvement of cemetery (old and new), support of public library, police, town officers, removing snow, miscellaneous expenses, printing, notes payable, interest, state and county taxes, outstanding indebtedness, and abatement of taxes.

ART. 6. To see what method the town will adopt for the collection of taxes and determine the compensation of the Collector.

ART. 7. To see if the town will vote to authorize the Town Treasurer "with the sanction of the Selectmen," to borrow money in anticipation of taxes when necessary to meet current demands for the ensuing municipal year, the notes for the same to be paid from the taxes assessed for the ensuing year.

ART. 8. To see how much money the town will raise and appropriate for the observance of Memorial Day.

ART. 9. To see if the town will vote to include the office of Cemetery Committee in those to be placed upon the official ballot.

ART. 10. To see if the town will raise and appropriate the sum of seven hundred dollars to be used in connection with three hundred dollars held by the Ex-High School Associates for the purchase and erection of a Soldiers' Monument or do anything in relation to the same.

ART. 11. To see if the town will grant a location for said Monument and choose a committee to act with a committee of Ex-High School Associates, with full power to purchase and erect said Monument.

ART. 12. To see if the town will vote under the provisions of Sec. 9, Chap. 466, Acts of 1898, to authorize the School Committee to arrange a union with some other towns for the purpose of employing a Superintendent of Schools.

ART. 13. To see if the town will vote to raise and appropriate a sum sufficient to pay the expense incurred for salary of a Superintendent of Schools.

ART. 14. To see if the town will vote to adopt the provisions of Sections 20 and 21 of Chapter 50 of the Public Statutes, in regard to the establishment and grading of sidewalks.

Hereof, fail not and make due return of this warrant with your doings thereon, to the Town Clerk at time and place of said meeting.

Given under our hands and the seal of the town this seventeenth day of February, in the year of our Lord one thousand nine hundred.

JAMES E. KELLEY,
WILLIAM E. GOWING,
CHARLES J. SARGENT,
Selectmen of Wilmington.
